Instructions

1. Preheat oven to 425°F (220°C). Grease 8–10 large rimmed baking sheets.

3. Cut tofu into 252 wing-shaped sticks — 6 slabs per block, 3 strips per slab.
4. Set up multiple breading stations: starch / plant milk / breadcrumb mix (panko + olive oil + paprika + salt + pepper + parsley). One hand dry, one hand wet.
5. Dip each piece: starch → plant milk → breadcrumbs. Lay in a single layer on prepared pans.
6. Bake 25 minutes until golden on the bottom.
7. Flip and bake 10–15 more minutes until crispy. Rotate pans for even browning.
8. While baking, melt vegan butter and stir in hot sauce, granulated garlic, and salt. Keep warm.

Dinner Rolls

<https://www.momontimeout.com/the-best-dinner-rolls-recipe/#recipe>

Ingredients

- 1,800 g all-purpose flour (plus more as needed)
- 108 g rapid rise / instant yeast (12 tbsp)
- 400 g granulated sugar (2 cups)
- 36 g salt (2 tbsp)
- 2,130 g warm milk, 110°F / 43°C (9 cups)
- 426 g butter, softened (30 tbsp)
- 6 large eggs, room temperature
- 170 g melted butter, for brushing (12 tbsp)

Instructions

1. Combine 1,440 g of flour, yeast, sugar, salt, warm milk, softened butter, and eggs in the bowl of a stand mixer. Work in batches if your mixer can't handle the full volume.
2. Attach the dough hook and mix on the lowest speed until flour is incorporated, scraping down sides as needed.
3. Increase speed to medium and beat for 2 minutes.
4. Add ~180 g flour and mix until incorporated. Add another ~180 g and repeat, mixing at medium speed for 2 minutes until a dough ball forms.
5. Add additional flour as needed. Dough should be slightly sticky and soft, pulling away from the bowl edges.
6. Transfer to a lightly greased bowl (or divide across several), cover, and let rise 30 minutes at room temperature.
7. Punch down the dough lightly to deflate.
8. Form 144 rolls (~57 g each). Tip: pat into an 8×12" rectangle, cut into 4 strips, then 6 pieces per strip. Pull seams to the bottom and twist for a smooth top.
9. Place on greased baking sheets or 9×13 dishes. Cover and let rise another 30 minutes.
10. Preheat oven to 375°F (190°C).
11. Bake 12–15 minutes until golden brown. Check a center roll; tent with foil if outer rolls brown too fast.
12. Brush hot rolls with 170 g melted butter and serve immediately.

Notes: Milk should be 100–110°F to activate yeast. Plan for 2–3 stand mixer batches at this scale.
